Feeling Thermometers

D27. Now I'd like to get your feelings toward groups of people and individuals. I will use something we call the feeling thermometer and here is how it works: I'll read the name of a group or individual, and I'd like you to rate that group or person on a scale of 0-100. Ratings between 50 degrees and 100 degrees mean that you feel favorable and warm toward them. Ratings between 0 degrees and 50 degrees mean that you feel cool or don't care much for that person or group. And a 50 degree rating means you don't feel either warm or cold; you are in the middle. Don't forget, you are free to pick any number between 0 and 100.
