Washington Koen Media Productions presents

BEYOND THE BRICKS

A New Era of Education

www.beyondthebricksproject.com

Produced by Washington Koen Media Productions, Beyond The Bricks, National Community Engagement Campaign Tour seeks to promote solutions being undertaken in local communities to address the educational challenges of school-age Black males. A key component of this dilemma is the often negative portrayals of our young men in mainstream media. Please come out to join in a Town hall discussion and workshops on the role of media and how we can empower our community to redirect this long standing trend.

PLEASE JOIN US and pre-register for planning workshops taking place after the discussion; sign up today, limited spaces available. To register and for more info visit www.beyondthebricksproject.com/page/tour-calendar
